This year, our programs served our community with fearless , intentional programs to help young people reach their unique goals, overcome objectives, dream big and

crystalize their future. We spoke in terms of the practical ways in which dreams come true. **It has been a year full of tremendous blessings and amazing miracles.**

In this joyous season, please remember to give someone the gift of service. There is so much joy and peace when we give someone our time, someone our listening ear or merely just being present speaks volumes to those in need. As God's children, we are called to serve others. Service is what we do to best exemplify Christ-like behavior, bring good to others and to glorify God. Did you know that each of us have unique God-given gifts? According to the Bible, "Each of you should use whatever gifts you have received to serve others, as faithful stewards of God's grace in its various forms." ! Peter 4:10.
